

## IN THE CLAIMS

Please delete claims 1-40 and replace them with claims 41-45 as follows:

41. (NEW) An anti-inflammatory pharmaceutical formulation comprising in unit dosage form for oral administration about 10 to about 50,000 IU of human IFN-gamma and a pharmaceutically acceptable carrier therefor.

42. (NEW) The pharmaceutical formulation of claim 41 in liquid form.

43. (NEW) The pharmaceutical formulation of claim 41 in solid form.

44. (NEW) The pharmaceutical formulation of claim 41 wherein the pharmaceutical acceptable carrier comprises a saliva-soluble solid and the formulation is in lozenge dosage form.

45. (NEW) A pharmaceutical formulation comprising in unit dosage form for oral administration about 10 to about 50,000 IU of human IFN-gamma, a therapeutic agent, and a pharmaceutically acceptable carrier therefor.
